INDEPENDENT AUDITOR'S REPORT

Superintendent and School Board
Booneville School District

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Booneville School District as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Booneville School District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Booneville School District, as of June 30, 2025, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards (Government Auditing Standards)*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Booneville School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Booneville School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are

considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Booneville School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Booneville School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, the Schedule of the District's Proportionate Share of the Net Pension Liability, the Schedule of District Contributions (PERS), the Schedule of the District's Proportionate Share of the Net OPEB Liability, and the Schedule of District Contributions (OPEB), be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Booneville School District's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards, as required by *Title 2 U.S. Code of Federal Regulations Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the Schedule of Instructional, Administrative and Other Expenditures for Governmental Funds are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying Schedule of Expenditures of Federal Awards and the Schedule of Instructional, Administrative and Other Expenditures for Governmental Funds

are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Statement of Revenues, Expenditures and Changes in Fund Balances—General Fund, Last Four Years and the Statement of Revenues, Expenditures and Changes in Fund Balances—All Governmental Funds, Last Four Years but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 23, 2026, on our consideration of the Booneville School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Booneville School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Booneville School District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

BOONEVILLE SCHOOL DISTRICT
Management's Discussion and Analysis
For the Year Ended June 30, 2025

The following discussion and analysis of Booneville School District's financial performance provides an overview of the School District's financial activities for the year ended June 30, 2025. The intent of this discussion and analysis is to look at the School District's performance as a whole. Readers are encouraged to review the financial statements and the notes to the financial statements to enhance their understanding of the School District's financial performance.

FINANCIAL HIGHLIGHTS

- Total net position for 2025 decreased \$2,516,145, including an error correction of \$6,682 and a change in accounting principle of (\$236,918), which represents a 33% decrease from fiscal year 2024. Total net position for 2024 decreased \$1,642,501, which represents a 27% decrease from fiscal year 2023.
- General revenues amounted to \$13,656,199 and \$11,228,341, or 81% and 70% of all revenues for fiscal years 2025 and 2024, respectively. Program specific revenues in the form of charges for services and grants and contributions accounted for \$3,294,843, or 19% of total revenues for 2025, and \$4,860,000, or 30% of total revenues for 2024.
- The District had \$19,236,951 and \$17,730,842 in expenses for fiscal years 2025 and 2024; only \$3,294,843 for 2025 and \$4,860,000 for 2024 of these expenses were offset by program specific charges for services, grants and contributions. General revenues of \$13,656,199 for 2025 and \$11,228,341 for 2024 were not adequate to provide for these programs.
- Among major funds, the General Fund had \$14,048,156 in revenues and \$14,457,564 in expenditures for 2025, and \$12,605,234 in revenues and \$12,006,651 in expenditures for 2024. The General Fund's fund balance decreased by \$349,089, including an error correction of \$486, from 2024 to 2025, and increased by \$631,067, including an error correction of \$9,695, from 2023 to 2024.
- Capital assets, net of accumulated depreciation, increased by \$6,273,546, including an error correction of (\$400), for 2025, and increased by \$1,372,961, for 2024. The increase for 2025 was due primarily to the additions to construction in progress, improvements other than buildings, mobile equipment and furniture and equipment.
- Long-term debt, including compensated absences and SBITA liabilities, increased by \$1,707,978, including a change in accounting principle of \$236,918, for 2025, and increased by \$5,646,542 for 2024. The increase for 2025 was due primarily to the issuance of a three mill note in long-term debt. The liability for compensated absences increased by \$250,976, including a change in accounting principle of \$236,918 for 2025 and increased by \$1,839 for 2024.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis serves as an introduction to the District's basic financial statements, which include government-wide financial statements, fund financial statements, and notes to the financial statements. This report also contains required supplementary information, supplementary information, and other information.

BOONEVILLE SCHOOL DISTRICT
Management's Discussion and Analysis
For the Year Ended June 30, 2025

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the District's finances. These statements consist of the Statement of Net Position and the Statement of Activities, which are prepared using the flow of economic resources measurement focus and the accrual basis of accounting. The current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The Statement of Net Position presents information on all the District's nonfiduciary assets, deferred outflows, liabilities, and deferred inflows, with the differences between them reported as "net position." Over time, increases or decreases in the District's net position may serve as a useful indicator of whether its financial position is improving or deteriorating.

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements outline functions of the District that are principally supported by property taxes and intergovernmental revenues (governmental activities). The governmental activities of the District include instruction, support services, non-instructional, pension expense, OPEB expense, and interest on long-term liabilities.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District are currently reported as governmental funds.

Governmental funds – All of the District's general activities are reported in its governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental funds are accounted for using the modified accrual basis of accounting and the flow of current financial resources measurement focus. The approach focuses on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at year end. The governmental fund statements provide a detailed view of the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, the reader may gain a better understanding of the long-term impact of the District's near-term financing decisions. The governmental funds Balance Sheet is reconciled to the Statement of Net Position, and the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances is reconciled to the Statement of Activities to facilitate this comparison between governmental funds and governmental activities.

The District maintains individual governmental funds in accordance with the *Financial Accounting Manual for Mississippi Public School Districts*. Information is presented separately in the governmental funds Balance Sheet and in the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances for all major funds. All non-major funds are combined and presented in these reports as other governmental funds.

BOONEVILLE SCHOOL DISTRICT
Management's Discussion and Analysis
For the Year Ended June 30, 2025

Reconciliation of Government-wide and Fund Financial Statements

The financial statements include two schedules that reconcile the amounts reported on the governmental funds financial statements (modified accrual basis of accounting) with government-wide financial statements (accrual basis of accounting). The following summarizes the major differences between the two statements:

Capital assets used in governmental activities are not reported on governmental funds financial statements.

Capital outlay spending results in capital assets on government-wide financial statements, but is reported as expenditures on the governmental funds financial statements.

Bond and note proceeds result in liabilities on government-wide financial statements, but are recorded as other financing sources on the governmental funds financial statements.

A net pension liability and net OPEB liability result in liabilities on the government-wide financial statements but are not reported on governmental funds financial statements.

Certain other outflows represent either increases or decreases in liabilities on the government-wide financial statements, but are reported as expenditures on the governmental funds financial statements.

Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents budgetary comparison schedules, Schedule of the District's Proportionate Share of the Net Pension Liability, Schedule of District Contributions (PERS), Schedule of the District's Proportionate Share of the Net OPEB Liability, and Schedule of District Contributions (OPEB) as required supplementary information. The District adopts an annual operating budget for all governmental funds. A budgetary comparison schedule has been provided for the General Fund as required by the Governmental Accounting Standards Board.

Supplementary Information

Additionally, a Schedule of Expenditures of Federal Awards as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and a Schedule of Instructional, Administrative and Other Expenditures for governmental funds can be found in this report.

Other Information

Although not a required part of the basic financial statements, the Statement of Revenues, Expenditures and Changes in Fund Balances—General Fund, Last Four Years and the Statement of Revenues, Expenditures and Changes in Fund Balances—All Governmental Funds, Last Four Years, is presented for purposes of additional analysis as required by the Mississippi Department of Education.

BOONEVILLE SCHOOL DISTRICT
Management's Discussion and Analysis
For the Year Ended June 30, 2025

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position

Net position may serve over time as a useful indicator of the District's financial position. Liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$10,232,876 as of June 30, 2025.

The District's financial position is a product of several financial transactions including the net result of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets and the depreciation of capital assets.

Table 1 presents a summary of the district's net position at June 30, 2025 and June 30, 2024.

Table 1
Condensed Statement of Net Position

	<u>June 30, 2025</u>	<u>June 30, 2024</u>	<u>Percentage Change</u>
Current assets	\$ 5,715,993	\$ 6,007,482	(4.85) %
Restricted assets	2,041,121	5,675,389	(64.04) %
Capital assets, net	16,893,721	10,620,175	59.07 %
Total assets	<u>24,650,835</u>	<u>22,303,046</u>	10.53 %
 Deferred outflows of resources	 <u>6,726,406</u>	 <u>7,189,943</u>	 (6.45) %
 Current liabilities	 1,216,907	 882,019	 37.97 %
Long-term debt outstanding	9,919,644	8,208,445	20.85 %
SBITA liability	3,179	6,400	(50.33) %
Net OPEB liability	829,761	792,876	4.65 %
Net pension liability	28,337,472	26,755,722	5.91 %
Total liabilities	<u>40,306,963</u>	<u>36,645,462</u>	9.99 %
 Deferred inflows of resources	 <u>1,303,154</u>	 <u>564,258</u>	 130.95 %
 Net position:			
Net investment in capital assets	7,345,542	2,528,998	190.45 %
Restricted	3,312,145	7,371,407	(55.07) %
Unrestricted	(20,890,563)	(17,617,136)	(18.58) %
Total net position (deficit)	<u>\$ (10,232,876)</u>	<u>\$ (7,716,731)</u>	(32.61) %

Error corrections that impacted prior fiscal years were made during the fiscal year ending June 30, 2025. Additional information and further explanation can be found in Note 18 of this report. Due to the immateriality of the result upon the affected funds, restatement to the individual impacted line items of the prior periods were not made to this schedule.

The District implemented GASB 101, Compensated Absences, which resulted in an adjustment to beginning net position in the Government-wide financial statements. Additional information and further explanation can be found in Note 18 of this report.

BOONEVILLE SCHOOL DISTRICT
Management's Discussion and Analysis
For the Year Ended June 30, 2025

Additional information on unrestricted net position:

In connection with the application of standards on accounting and financial reporting for pensions and OPEB, management presents the following additional information:

Total unrestricted net position (deficit)	\$ (20,890,563)
Less unrestricted deficit in net position resulting from recognition of the net pension liability and net OPEB liability including the related deferred outflows and deferred inflows	23,743,981
Unrestricted net position, exclusive of the net pension liability and net OPEB liability effect	<u>\$ 2,853,418</u>

The following are significant current year transactions that have had an impact on the Statement of Net Position.

- Increase in net capital assets in the amount of \$6,273,546, including SBITAs assets.
- Issuance of a three mill notes payable in the amount of \$1,800,000.
- Recognition of the net pension liability in the amount of \$28,337,472.
- The principal retirement of \$339,777 of long-term debt.
- The principal payment of SBITA liabilities of \$3,221.

Changes in net position

The District's total revenues for the fiscal years ended June 30, 2025 and June 30, 2024 were \$16,951,042 and \$16,088,341, respectively. The total cost of all programs and services was \$19,236,951 for 2025 and \$17,730,842 for 2024.

Table 2 presents a summary of the changes in net position for the fiscal years ended June 30, 2025 and June 30, 2024.

BOONEVILLE SCHOOL DISTRICT

Net Position (Deficit), June 30	<u>\$ (10,232,876)</u>	<u>\$ (7,716,731)</u>	(32.61) %

Error corrections that impacted prior fiscal years were made during the fiscal year ending June 30, 2025. Additional information and further explanation can be found in Note 18 of this report. Due to the immateriality of the result upon the affected funds, restatement to the individual impacted line items of the prior periods were not made to this schedule.

The District implemented GASB 101, Compensated Absences, which resulted in an adjustment to beginning net position in the Government-wide financial statements. Additional information and further explanation can be found in Note 18 of this report.

Governmental activities

The following table presents the cost of six major District functional activities: instruction, support services, non-instructional, pension expense, OPEB expense and interest on long-term liabilities. The table also shows each functional activity's net cost (total cost less charges for services generated by the activities and intergovernmental aid provided for specific programs). The net cost presents the financial burden that was placed on the State and District's taxpayers by each of these functions.

BOONEVILLE SCHOOL DISTRICT
Management's Discussion and Analysis
For the Year Ended June 30, 2025

Table 3
Net Cost of Governmental Activities

	Total Expenses		Percentage Change
	2025	2024	
Instruction	\$ 8,689,191	\$ 8,465,805	2.64 %
Support services	4,716,258	4,344,396	8.56 %
Non-instructional	688,152	645,067	6.68 %
Pension Expense	4,396,213	3,773,488	16.50 %
OPEB Expense	(11,857)	(39,853)	70.25 %
Interest on long-term liabilities	758,994	541,939	40.05 %
Total expenses	\$ 19,236,951	\$ 17,730,842	8.49 %

	Net (Expense) Revenue		Percentage Change
	2025	2024	
Instruction	\$ (6,596,451)	\$ (5,389,728)	(22.39) %
Support services	(4,163,843)	(3,175,085)	(31.14) %
Non-instructional	(38,464)	(30,455)	(26.30) %
Pension Expense	(4,396,213)	(3,773,488)	(16.50) %
OPEB Expense	11,857	39,853	(70.25) %
Interest on long-term liabilities	(758,994)	(541,939)	(40.05) %
Total net (expense) revenue	\$ (15,942,108)	\$ (12,870,842)	(23.86) %

- Net cost of governmental activities (\$15,942,108 for 2025 and \$12,870,842 for 2024) was financed by general revenue, which is primarily made up of property taxes (\$3,224,739 for 2025 and \$2,989,394 for 2024) and state and federal revenues (\$9,979,838 for 2025 and \$7,770,433 for 2024).
- Investment earnings amounted to \$130,715 for 2025 and \$133,747 for 2024.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the District's governmental funds is to provide information on current inflows, outflows and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

The financial performance of the District as a whole is reflected in its governmental funds. As the District completed the year, its governmental funds reported a combined fund balance of \$6,807,450, a decrease of \$4,193,609, which includes an error correction of \$7,082 and an increase in inventory of \$422. \$3,074,665, or 45% of the fund balance is unassigned, which represents the residual classification for the General Fund's fund balance that has not been assigned to other funds and that has not been restricted or assigned to specific purposes within the general fund. The remaining fund balance of \$3,732,785, or 55% is either non-spendable, restricted or assigned to indicate that it is not available for spending except only for the purposes to which it is restricted or assigned.

BOONEVILLE SCHOOL DISTRICT
Management's Discussion and Analysis
For the Year Ended June 30, 2025

The General Fund is the principal operating fund of the District. The decrease in fund balance in the General Fund for the fiscal year was \$349,089, which includes an error correction of \$486. The fund balance of Other Governmental Funds showed a decrease in the amount of \$210,252, which includes an error correction of \$6,596 and an increase in inventory of \$422. The increase (decrease) in the fund balances for the other major funds were as follows:

Major Fund		Increase (Decrease)
Bond Issue 2022-2023 Fund	\$	(3,780,322)
QSCB Sinking 2012 Fund	\$	146,054

BUDGETARY HIGHLIGHTS

During the year, the District revised the annual operating budget. Budget revisions were made to address and correct the original budgets to reflect more accurately the sources and uses of funding for the School District. Budget revisions during the year were routine in nature and were insignificant when compared to the total revenues and expenditures of the District.

A schedule showing the original and final budget amounts compared to the District's actual financial activity for the General Fund is provided in this report as required supplementary information.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets. As of June 30, 2025, the District's total capital assets, were \$27,973,817, including land, construction in progress, school buildings, building improvements and other improvements, buses, other school vehicles, furniture and equipment and subscription IT assets. This amount represents an increase of \$6,757,036 from 2024. Total accumulated depreciation/amortization as of June 30, 2025, was \$11,080,096, and total depreciation/amortization expense for the year was \$518,094, resulting in total net capital assets of \$16,893,721.

Table 4
Capital Assets, Net of Accumulated Depreciation/Amortization

	June 30, 2025	June 30, 2024	Percentage Change
Land	\$ 534,260	\$ 534,260	- %
Construction in Progress	8,599,828	2,092,084	311.07 %
Buildings	5,481,721	5,700,579	(3.84) %
Building improvements	1,074,226	1,163,745	(7.69) %
Improvements other than buildings	279,421	256,015	9.14 %
Mobile equipment	726,859	691,196	5.16 %
Furniture and equipment	193,571	175,174	10.50 %
Subscription IT assets	3,835	7,122	(46.15) %
Total	\$ 16,893,721	\$ 10,620,175	59.07 %

Error corrections that impacted prior fiscal years were made during the fiscal year ending June 30, 2025. Additional information and further explanation can be found in Note 18 of this report. Due to the immateriality of the result upon the affected funds, restatement to the individual impacted line items of the prior periods were not made to this schedule.

Additional information on the District's capital assets can be found in Notes 5 and 6 included in this report.

Debt Administration. At June 30, 2025, the District had \$9,922,823 in outstanding long-term debt, of which \$286,911 is due within one year. During the fiscal year, the District made principal payments totaling

BOONEVILLE SCHOOL DISTRICT
Management's Discussion and Analysis
For the Year Ended June 30, 2025

\$342,998 on outstanding long-term debt. The liability for compensated absences increased \$250,976, including a change in accounting principle of \$236,918, from the prior year.

Table 5
Outstanding Long-Term Debt

	June 30, 2025	June 30, 2024	Percentage Change
General obligation bonds payable	\$ 5,580,000	\$ 5,750,000	(2.96) %
Three mill notes payable	1,685,000		N/A %
Subscription IT liabilities	3,179	6,400	(50.33) %
Qualified school construction bonds payable	2,280,000	2,280,000	- %
Other loans payable	-	54,777	(100.00) %
Compensated absences payable	374,644	123,668	202.94 %
Total	\$ 9,922,823	\$ 8,214,845	20.79 %

Additional information on the District's long-term debt can be found in Notes 6 and 7 included in this report.

CURRENT ISSUES

The Booneville School District is financially stable. The District is proud of its community support of the public schools.

The District has committed itself to financial excellence for many years. The District's system of financial planning, budgeting, and internal financial controls is well regarded. The District plans to continue its sound fiscal management to meet the challenges of the future.

The District actively pursues grant funding to supplement the local, state, and federal revenues.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

If you have any questions about this report or need additional financial information, contact the Superintendent's Office of the Booneville School District, 201 N First Street, Booneville, MS 38829.

Governmental Funds

Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position
June 30, 2025

Exhibit C-1

Total fund balances for governmental funds **\$ 6,807,450**

Amounts reported for governmental activities in the statement of Net Position are different because:

1. Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:

Land	\$ 534,260	
Construction in progress	8,599,828	
Buildings	13,053,190	
Building improvements	2,237,972	
Improvements other than buildings	692,849	
Mobile equipment	2,044,696	
Furniture and equipment	762,779	
Accumulated depreciation	(11,035,688)	
Subscription IT assets	48,243	
Accumulated amortization	<u>(44,408)</u>	16,893,721

2. Some liabilities, including net pension obligations, are not due and payable in the current period and, therefore, are not reported in the funds:

Net pension liability	(28,337,472)	
-----------------------	--------------	--

Deferred outflows and inflows of resources related to pensions are applicable to future periods and, therefore, are not reported in the funds:

Deferred outflows of resources related to pensions	6,403,710	
Deferred inflows of resources related to pensions	<u>(1,091,009)</u>	(23,024,771)

3. Some liabilities, including net OPEB obligations, are not due and payable in the current period and, therefore, are not reported in the funds:

Net OPEB liability	(829,761)	
--------------------	-----------	--

Deferred outflows and inflows of resources related to OPEB are applicable to future periods and, therefore, are not reported in the funds:

Deferred outflows of resources related to OPEB	322,696	
Deferred inflows of resources related to OPEB	<u>(212,145)</u>	(719,210)

4. Long-term liabilities and related accrued interest are not due and payable in the current period and, therefore, are not reported in the funds:

General obligation bonds	(5,580,000)	
Other bonds payable	(2,280,000)	
Notes payable	(1,685,000)	
SBITA liabilities	(3,179)	
Compensated absences	(374,644)	
Accrued interest payable	<u>(267,243)</u>	(10,190,066)

Net Position of governmental activities		<u>\$ (10,232,876)</u>
--	--	-------------------------------

BOONEVILLE SCHOOL DISTRICT
Governmental Funds

**Reconciliation of the Governmental Funds Statement of Revenues,
Expenditures and Changes in Fund Balances to the Statement of Activities
For the Year Ended June 30, 2025**

Exhibit D-1

Net change in fund balances - total governmental funds **\$ (4,201,113)**

Amounts reported for governmental activities in the statement of activities are different because:

1. Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are:		
Capital outlay	\$ 6,798,879	
Depreciation expense	(514,807)	
Amortization expense	<u>(3,287)</u>	6,280,785
2. In the statement of activities, only the gain/loss on the sale of assets is reported, while in the governmental funds, the proceeds from the sale increases financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the assets sold.		
		(6,839)
3. The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and the difference between the carrying value of refunded debt and the acquisition cost of refunded debt when debt is first issued. These amounts are deferred and amortized in the statement of activities:		
Bonds and notes issued	(1,800,000)	
Payments of debt principal	339,777	
Payments of SBITAs principal	3,221	
Accrued interest payable	<u>(67,036)</u>	(1,524,038)
4. Some items relating to pensions and reported in the statement of activities do not provide or require the use of current financial resources and therefore are not reported as revenues/expenditures in the governmental funds. The activities include:		
Pension expense	(4,396,213)	
Contributions subsequent to the measurement date	<u>1,525,508</u>	(2,870,705)
5. Some items relating to OPEB and reported in the statement of activities do not provide or require the use of current financial resources and therefore are not reported as revenues/expenditures in the governmental funds. The activities include:		
OPEB expense	11,857	
Contributions subsequent to the measurement date	<u>37,780</u>	49,637
6. Some items reported in the statement of activities do not provide or require the use of current financial resources and therefore are not reported as revenues/expenditures in governmental funds. These activities include:		
Change in compensated absences	(14,058)	
Change in inventory	<u>422</u>	(13,636)
Change in Net Position of governmental activities		<u><u>\$ (2,285,909)</u></u>

The notes to the financial statements are an integral part of this statement.

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

Note 1 – Summary of Significant Accounting Policies

The accompanying financial statements of the school district have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). GASB is the accepted standard-setting body for governmental accounting and financial reporting principles. The most significant of the school district's accounting policies are described below.

A. Financial Reporting Entity

As defined by accounting principles generally accepted in the United States of America, the school district is considered an "other stand-alone government." The school district is a related organization of, but not a component unit of, the city of Booneville since the governing authority of the city selects a majority of the school district's board but does not have financial accountability for the school district.

For financial reporting purposes, Booneville School District has included all funds and organizations. The District has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the District.

B. Government-wide and Fund Financial Statements

Government-wide Financial Statements – The Statement of Net Position and the Statement of Activities report information on all of the non-fiduciary activities of the District. For the most part, the effect of inter-fund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for support.

The Statement of Net Position presents the District's non-fiduciary assets, deferred outflows, liabilities, and deferred inflows with the difference reported as net position. Net position is reported in three categories:

1. Net investment in capital assets consists of capital assets, net of accumulated depreciation, and reduced by outstanding balances of bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.
2. Restricted net position results when constraints placed on net position use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.
3. Unrestricted net position consists of net position not meeting the definition of the two preceding categories. Unrestricted net position often has constraints on resources imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function, or segment, are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

capital requirements of a particular function. Property taxes and other items not included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental funds. Major individual governmental funds are reported in separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other governmental funds.

The school district reports the following major governmental funds:

General Fund - This is the school district's primary operating fund. The general fund is used to account for and report all financial resources not accounted for and reported in another fund.

Bond Issue 2022-2023 Fund – This is a capital project fund that accounts for the projects that are funded with the 2022 bond issuance.

QSCB Sinking 2012 Fund – This is a debt service fund that accounts for the repayment of the district's qualified school construction bond.

All other governmental funds not meeting the criteria established for major funds are presented in the other governmental column of the fund financial statements.

Additionally, the school district reports the following fund types:

GOVERNMENTAL FUNDS

Special Revenue Funds - Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Capital Projects Funds - Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Debt Service Funds - Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred or economic asset used, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Measurable means knowing or being able to reasonably estimate the amount. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and judgments, are recorded only when payment is due.

Federal grants and assistance awards made on the basis of entitlement periods are recorded as receivables and revenues when entitlement occurs. Federal reimbursement type grants are

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

recorded as revenues when the related expenditures are recognized. Use of grant resources is conditioned upon compliance with terms of the grant agreements and applicable federal regulations, which include subjecting grants to financial and compliance audits.

Property taxes, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual.

Ad valorem property taxes are levied by the governing authority of the city on behalf of the school district based upon an order adopted by the school board of the school district requesting an ad valorem tax effort in dollars. Since the taxes are not levied and collected by the school district, the revenues to be generated by the annual levies are not recognized until the taxes are actually collected by the tax levying authority.

Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under leases are reported as other financing sources.

Under the terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

The effect of inter-fund activity has been eliminated from the government-wide statements.

Revenues from the Mississippi Student Funding Formula are appropriated on a fiscal year basis and are recorded at the time the revenues are received from the State of Mississippi.

The account classifications used in the financial statements conform to the broad classifications recommended in *Governmental Accounting, Auditing, and Financial Reporting*, issued in 2012 by the Government Finance Officers Association and are consistent with the broad classifications recommended in *Financial Accounting for Local and State School Systems, 2014*, issued by the U.S. Department of Education.

D. Encumbrances

An encumbrance system is not maintained to account for commitments resulting from approved purchase orders, work orders and contracts.

E. Assets, liabilities, deferred outflows/inflows, and net position/fund balances

1. Cash, Cash equivalents and Investments

Cash and cash equivalents

The district's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. The school district deposits excess funds in the financial institutions selected by the school board. State statutes specify how these depositories are to be selected.

Investments

The school district can invest its excess funds, as permitted by Section 29-3-113, Miss. Code Ann. (1972), in interest-bearing deposits or other obligations of the types described in Section 27-105-33, Miss. Code Ann. (1972), or in any other type investment in which any other agency, instrumentality or subdivision of the State of Mississippi may invest, except

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

that 100% of said funds are authorized to be so invested.

For accounting purposes, certificates of deposit are classified as investments if they have an original maturity greater than three months when acquired.

Investments for the district are reported at fair market value.

2. Receivables and payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of inter-fund loans) or "advances to/from other funds" (i.e. the non-current portion of inter-fund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

3. Due from Other Governments

Due from other governments represents amounts due from the State of Mississippi and various grants and reimbursements from other governments.

4. Inventories and Prepaid Items

Donated commodities are received from the USDA and are valued at USDA cost. Other inventories are valued at cost (calculated on the first-in, first-out basis). The costs of governmental fund type inventories are reported as expenditures when purchased.

Prepaid items, such as prepaid insurance, are not reported for governmental fund types since the costs of such items are accounted for as expenditures in the period of acquisition.

5. Restricted Assets

Certain resources set aside for repayment of debt are classified as restricted assets on the Statement of Net Position because their use is limited by applicable debt statutes, e.g. Qualified School Construction Bond sinking funds. Also, the nonexpendable portion of the Permanent Fund, if applicable, is classified as restricted assets because the 16th Section Principal fund is not available for use by the district except as provided for under state statute for loans from this fund.

6. Capital Assets

Capital assets include land, improvements to land, easements, water rights, timber rights, buildings, building improvements, vehicles, machinery, equipment, works of art and historical treasures, infrastructure, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period. Capital assets are reported in the applicable governmental activities columns in the government-wide Statement of Net Position. Capital assets are recorded at historical cost or estimated historical cost based on appraisals or deflated current replacement cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost in excess of the thresholds in the table below.

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

Capital acquisition and construction are reflected as expenditures in the Governmental Fund statements and the related assets are reported as capital assets in the governmental activities column in the government-wide financial statements.

Depreciation is calculated on the straight-line basis for all assets, except land.

The following schedule details the capitalization thresholds:

	Capitalization Policy	Estimated Useful Life
Land	\$ 0	0
Buildings	50,000	40 years
Building improvements	25,000	20 years
Improvements other than buildings	25,000	20 years
Mobile equipment	5,000	5-10 years
Furniture and equipment	5,000	3-7 years
Subscription IT asset	**	**

(**) The estimated useful life is the term of the lease or subscription agreement. There is no mandated maximum amortization period. Intangible assets with indefinite useful lives should not be amortized.

The term 'depreciation' includes the amortization of intangible assets.

7. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

Deferred outflows of resources related to pensions
Deferred outflows of resources related to OPEB (Other post-employment benefits)

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Deferred inflows of resources related to pensions
Deferred inflows of resources related to OPEB (Other post-employment benefits)

See Notes 8, 9, and 18 for further details.

8. Compensated Absences

Employees of the school district accumulate sick leave at a minimum amount as required by state law. A greater amount may be provided by school district policy provided that it does not exceed the provisions for leave as provided in Sections 25-3-93 and 25-3-95. Some employees are allowed personal leave and/or vacation leave in accordance with school district policy. The district pays for unused leave for employees as required by Section 37-7-307(5), Miss. Code Ann. (1972).

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

The liability for these compensated absences is recorded as a long-term liability in the government-wide statements. A liability is recorded when each of the following have occurred; the leave is attributable to services already rendered, the leave accumulates and carries forward from one reporting period to the next, the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. The current portion of this liability is estimated based on historical trends or budgeted amounts and may be affected by other factors including the government/school district's policies. In the fund financial statements, governmental funds report the liability for compensated absences from expendable available financial resources only if the payable has matured, for example, an employee retires.

9. Leases

The Governmental Accounting Standards Board (GASB) issued Statement No. 87, *Leases* (GASB 87) to establish a single leasing model for accounting and reporting purposes. This guidance is intended to enhance the accountability, consistency and comparability of lease activities reported by governments. GASB 87 was implemented during fiscal year 2022.

10. Subscription-Based Information Technology Arrangements

The Governmental Accounting Standards Board (GASB) issued Statement No. 96, Subscription-Based Information Technology Arrangements (SBITAs) (GASB 96) to establish uniform accounting and financial reporting requirements for SBITAs, to improve comparability of financial statements among governments that have entered into SBITAs, and to enhance understandability, reliability, relevance and consistency of information about SBITAs. GASB 96 was implemented during fiscal year 2023.

11. Long-term Liabilities and Bond Discounts/Premiums

In the government-wide financial statements, outstanding debt is reported as liabilities. Bond discounts or premiums and the difference between reacquisition price and the net carrying value of refunded debt are capitalized and amortized over the terms of the respective bonds using a method that approximates the effective interest method.

The governmental fund financial statements recognize the proceeds of debt and premiums as other financing sources of the current period. Issuance costs are reported as expenditures. See Note 7 for details.

12. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees' Retirement System (PERS) and additions to/deductions from PERS' fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, the benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

13. Postemployment Benefits Other than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the State and School Employees' Life and Health Plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the OPEB Plan. For this purpose, benefit payments are recorded when the OPEB benefits come due. Investments are reported at fair value as determined by the state.

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

14. Fund Balances

Fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Governmental fund balance is classified as non-spendable, restricted, committed, assigned or unassigned. Following are descriptions of fund classifications used by the district:

Non-spendable fund balance includes items that cannot be spent. This includes activity that is not in a spendable form (inventories, prepaid amounts, long-term portion of loans/notes receivable, or property held for resale unless the proceeds are restricted, committed, or assigned) and activity that is legally or contractually required to remain intact, such as a principal balance in a permanent fund.

Restricted fund balance includes amounts that have constraints placed upon the use of the resources either by an external party or imposed by law through a constitutional provision or enabling legislation.

Committed fund balance includes amounts that can be used only for the specific purposes pursuant to constraints imposed by a formal action of the School Board, the District's highest level of decision-making authority. This formal action is a resolution approved by the School Board. There is no committed fund balance for the school district.

Assigned fund balance includes amounts that are constrained by the District's intent to be used for a specific purpose, but are neither restricted nor committed. For governmental funds, other than the general fund, this is the residual amount within the fund that is not restricted or committed. Assignments of fund balance are created by the Superintendent and the Business Manager pursuant to authorization established by the District's approved fund balance policy.

Unassigned fund balance is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, it may be necessary to report a negative unassigned fund balance.

When an expenditure/expense is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) resources are available, it is the District's general policy to use restricted resources first. When expenditures/expenses are incurred for purposes for which unrestricted (committed, assigned, and unassigned) resources are available, and amounts in any of these unrestricted classifications could be used, it is the District's general policy to spend committed resources first, followed by assigned amounts, and then unassigned amounts.

It is the goal of the district to achieve and maintain an unassigned fund balance in the General Fund at fiscal year end of not less than 7% of revenues.

15. Accounting Standards Update

GASB 101, Compensated Absences, was implemented during the 2025 fiscal year. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures.

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

Note 2 – Cash and Cash Equivalents and Cash with Fiscal Agents

The district follows the practice of aggregating the cash assets of various funds to maximize cash management efficiency and returns. Restrictions on deposits are imposed by statutes as follows:

Deposits. The school board must advertise and accept bids for depositories no less than once every three years as required by Section 37-7-333, Miss. Code Ann. (1972). The collateral pledged for the school district's deposits in financial institutions is held in the name of the State Treasurer under a program established by the Mississippi State Legislature and is governed by Section 27-105-5, Miss. Code Ann. (1972). Under this program, the entity's funds are protected through a collateral pool administered by the State Treasurer. Financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation.

The carrying amount of the school district's deposits with financial institutions reported in the governmental funds was \$5,401,738. The bank balance was \$6,005,721.

Custodial Credit Risk - Deposits. Custodial credit risk is defined as the risk that, in the event of the failure of a financial institution, the district will not be able to recover deposits or collateral securities that are in the possession of an outside party. The district does not have a deposit policy for custodial credit risk. In the event of failure of a financial institution, securities pledged by that institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation. Deposits above FDIC coverage are collateralized by the pledging financial institution's trust department or agent in the name of the Mississippi State Treasurer on behalf of the district. As of June 30, 2025, none of the district's bank balance of \$6,005,721 was exposed to custodial credit risk.

Cash with Fiscal Agents

The carrying amount of school district's cash with fiscal agents held by financial institutions was \$2,041,121.

Note 3 – Inter-fund Receivables, Payables and Transfers

The following is a summary of inter-fund transactions and balances:

A. Due From/To Other Funds

Receivable Fund	Payable Fund	Amount
General Fund	Other Governmental Funds	\$ 162,880

The primary reason for the inter-fund loans was to eliminate deficit cash balances in certain federal program funds as part of routine year end closing adjustments.

B. Inter-fund Transfers

Transfers In	Transfers Out	Principal
Other Governmental Funds	General Fund	\$ 87,923
Other Governmental Funds	Other Governmental Funds	132,803
General Fund	Other Governmental Funds	147,756
Total		\$ 368,482

Operating transfers were primarily for the following: indirect cost transfers, cost pool transfers, debt service transfers, and other routine operating transfers.

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

Note 4 - Restricted Assets

The restricted assets represent the cash with fiscal agent balance of \$2,041,121 of the QSCB Sinking Fund.

Note 5 – Capital Assets

The following is a summary of changes in capital assets for governmental activities:

The term depreciation includes amortization of intangible assets.

	Balance 7/1/2024	Increases	Decreases	Adjustments	Balance 6/30/2025
Governmental Activities:					
<u>Non-depreciable capital assets:</u>					
Land	\$ 534,260	\$	\$	\$	\$ 534,260
Construction in progress	2,092,084	6,507,744			8,599,828
Total non-depreciable capital assets	2,626,344	6,507,744	-	-	9,134,088
<u>Depreciable capital assets:</u>					
Buildings	13,053,190	-	-		13,053,190
Building improvements	2,237,972	-	-		2,237,972
Improvements other than buildings	641,729	51,520	-	(400)	692,849
Mobile equipment	1,906,780	146,441	8,525		2,044,696
Furniture and equipment	702,523	93,174	32,918		762,779
					-
Total depreciable capital assets	18,542,194	291,135	41,443	(400)	18,791,486
<u>Less accumulated depreciation for:</u>					
Buildings	7,352,611	218,858	-		7,571,469
Building improvements	1,074,227	89,519	-		1,163,746

Furniture and equipment	527,349	68,791	26,932		569,208
					-
Total accumulated depreciation	10,555,485	514,807	34,604	-	11,035,688
Total depreciable capital assets, net	7,986,709	(223,672)	6,839	(400)	7,755,798
Governmental activities capital assets, net	\$ 10,613,053	\$ 6,284,072	\$ 6,839	\$ (400)	\$ 16,889,886
Lease assets, net	\$ -				-
Subscription IT assets, net	7,122				3,835
Total capital assets, net, as reported in SNP	\$ 10,620,175				16,893,721

Adjustment was made to correct errors from fiscal year 2024.

Depreciation expense was charged to the following governmental functions:

Governmental Activities	Amount
Instruction	\$ 237,865
Support services	271,705
Non-instructional	5,237
Total depreciation expense	\$ 514,807

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

The details of construction-in-progress are as follows:

	Spent to June 30, 2025	Remaining Commitment
Governmental Activities:		
Sports Complex Project	\$ 7,456,068	50,000
Tennis Complex Project	1,143,760	25,240
Total	<u>\$ 8,599,828</u>	<u>75,240</u>

Construction projects included in governmental activities are funded with district funds and proceeds from the three mill note and bond issue.

Note 6 – Intangible Right-to-Use Subscription Based IT Assets

A summary of subscription IT asset activity during the year ended June 30, 2025 is as follows:

	Balance 7/1/2024	Additions	Balance 6/30/2025
Subscription IT Assets	\$ 48,243		48,243
Less Accumulated Amortization	41,121	3,287	44,408
Total Subscription IT Assets, net	<u>\$ 7,122</u>	<u>(3,287)</u>	<u>3,835</u>

Amortization expense was charged to the following governmental functions:

Governmental Activities	Amount
Support services	\$ 3,287
Total amortization expense	<u>\$ 3,287</u>

A summary of subscription IT liabilities during the year ended June 30, 2025 is as follows:

	Balance 7/1/2024	Retirements	Balance 6/30/2025	Due in One Year
Subscription IT Liabilities	\$ 6,400	3,221	3,179	3,179

SBITAs

The school district has noncancellable SBITAs of various IT software. For subscriptions that have a maximum possible term of 12 months or less at commencement, the school district recognizes expense based on the provisions of the subscription arrangement. For all other subscription-based information technology arrangements, other than short term, the school district recognized a subscription payable and an intangible right-to-use subscription asset.

At subscription commencement, the school district initially measures the subscription liability at the present value of payments expected to be made during the subscription term. Subsequently, the subscription liability is reduced by the principal portion of subscription payments made. The subscription asset is initially measured as the initial amount of the subscription liability plus payments associated with the subscription made to the vendor at the inception of the arrangement, plus capitalized implementation costs, less vendor incentives. Subsequently, the subscription asset is amortized in depreciation and amortization expense on a straight-line basis over the shorter of the subscription term or the useful life of the underlying asset.

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

The school district generally uses U. S. Treasury rate at subscription inception as the discount rate for subscriptions unless the rate that the lessor charges is known.

The subscription term includes the noncancellable period of the subscription plus any additional periods covered by either a school district or lessor option to extend for which it is reasonably certain to be exercised or to terminate for which it is reasonably certain NOT to be exercised. Periods in which both the school district and the lessor have a unilateral option to terminate (or if both parties have agreed to extend) are excluded from the subscription term.

The school district has entered into one (1) subscription IT arrangement.

Details of the subscription obligations are as follows:

Description	Interest Rate	Issue Date	Maturity Date	Amount Issued	Amount Outstanding
SPED Track	5.38%	09/01/23	09/01/26	\$ 9,860	\$ 3,179

The following is a schedule by years of the total payments due on this debt:

Year Ending June 30	Principal	Interest	Total
2026	\$ 3,179	\$ 177	\$ 3,356

Note 7 – Long-term Liabilities

The following is a summary of changes in long-term liabilities and other obligations for governmental activities:

	Balance 7/1/2024	Additions	Reductions	Adjustment	Balance 6/30/2025	Amounts due within one year
A. General obligation bonds payable	\$ 5,750,000	\$	\$ 170,000	\$	\$ 5,580,000	\$ 180,000
B. Three mill notes payable	-	1,800,000	115,000		1,685,000	85,000
C. Qualified school construction bonds payable	2,280,000		-		2,280,000	
D. Other loans payable	54,777		54,777		-	
E. Compensated absences payable	123,668	14,058		236,918	374,644	18,732
Total	\$ 8,208,445	\$ 1,814,058	\$ 339,777	\$ 236,918	\$ 9,919,644	\$ 283,732

The change in the compensated absences liability is presented as a net change.

The adjustment above to compensated absences was a result of retroactively implementing GASB 101.

A. General obligations bonds payable

General obligation bonds are direct obligations and pledge the full faith and credit of the school district. General obligation bonds currently outstanding are as follows:

Description	Interest Rate	Issue Date	Maturity Date	Amount Issued	Amount Outstanding
General obligation bond, series 2023	5.25%	11/1/2023	11/1/2043	\$ 5,750,000	\$ 5,580,000

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

The following is a schedule by years of the total payments due on this debt:

Year Ending June 30	Principal	Interest	Total
2026	\$ 180,000	\$ 288,225	\$ 468,225
2027	185,000	278,644	463,644
2028	195,000	268,669	463,669
2029	210,000	258,038	468,038
2030	220,000	246,749	466,749
2031-2035	1,275,000	1,044,357	2,319,357
2036-2040	1,650,000	662,550	2,312,550
2041-2044	1,665,000	180,468	1,845,468
Total	<u>\$ 5,580,000</u>	<u>\$ 3,227,700</u>	<u>\$ 8,807,700</u>

This debt will be retired from the GO Bond Debt Service Fund.

The amount of bonded indebtedness that can be incurred by the school district is limited by Sections 37-59-5 and 37-59-7, Miss. Code Ann. (1972). Total outstanding bonded indebtedness during a year can be no greater than 15% of the assessed value of the taxable property within such district, according to the then last completed assessment for taxation, unless certain conditions, as set forth in Section 37-59-7, Miss. Code Ann. (1972) have been met. As of June 30, 2025, the amount of outstanding bonded indebtedness was equal to 9.12% of property assessments as of October 1, 2024.

B. Three mill notes payable

Debt currently outstanding is as follows:

Description	Interest Rate	Issue Date	Maturity Date	Amount Issued	Amount Outstanding
Three mill note, Series 2024	5.38%	10/30/2024	6/1/2039	<u>\$ 1,800,000</u>	<u>\$ 1,685,000</u>

The following is a schedule by years of the total payments due on this debt:

Year Ending June 30	Principal	Interest	Total
2026	\$ 85,000	\$ 90,654	\$ 175,654
2027	90,000	86,080	176,080
2028	95,000	81,238	176,238
2029	95,000	76,126	171,126
2030	105,000	71,016	176,016
2031-2035	605,000	297,780	902,780
2036-2039	610,000	51,382	661,382
Total	<u>\$ 1,685,000</u>	<u>\$ 754,276</u>	<u>\$ 2,439,276</u>

This debt will be retired from the Three Mill Note Retirement Fund.

C. Qualified school construction bonds payable

As more fully explained in Note 12, debt has been issued by the school district that qualifies as Qualified School Construction bonds. Debt currently outstanding is as follows:

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

Description	Interest Rate	Issue Date	Maturity Date	Amount Issued	Amount Outstanding
Qualified school construction bonds payable, Series 2011	5.75%	6/30/2011	12/1/2026	\$ 2,280,000	\$ 2,280,000
Total				<u>\$ 2,280,000</u>	<u>\$ 2,280,000</u>

Year Ending June 30	Principal	Interest	Total
2026	\$ 2,280,000	\$ 131,100	\$ 2,411,100
2027		131,100	2,411,100
Total	<u>\$ 2,280,000</u>	<u>\$ 262,200</u>	<u>\$ 2,542,200</u>

D. Other loans payable

Debt currently outstanding is as follows:

Description	Interest Rate	Issue Date	Maturity Date	Amount Issued	Amount Outstanding
Other loan - Facilities upgrade	2.77%	6/16/2015	6/15/2025	\$ 485,000	\$ -

This debt was paid off and retired from the District Maintenance Fund.

E. Compensated absences payable

As more fully explained in Note 1(E)(8), compensated absences payable is adjusted on an annual basis as required by Section 37-7-307(5), Miss. Code Ann. (1972). Compensated absences will be paid from the fund from which the employees' salaries were paid.

Note 8 – Defined Benefit Pension Plan

General Information about the Pension Plan

Plan Description. The school district contributes to the Public Employees' Retirement System of Mississippi (PERS), a cost-sharing multiple-employer defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Plan provisions and the Board of Trustees' authority to determine contribution rates are established by Miss. Code Ann. Section 25-11-1 et seq., (1972, as amended) and may be amended only by the Mississippi Legislature. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That report is available at www.pers.ms.gov.

Benefits provided. Membership in PERS is a condition of employment granted upon hiring for qualifying employees and officials of the State of Mississippi, state universities, community and junior colleges, and teachers and employees of the public school districts. For those persons employed by political subdivisions and instrumentalities of the State of Mississippi, membership is contingent upon approval of the entity's participation in PERS by the PERS' Board of Trustees. If approved, membership for the entity's employees is a condition of employment and eligibility is granted to those who qualify upon hiring. Participating members who are vested and retire at or after age 60 or those who retire regardless of age with at least 30 years of creditable service (25 years of creditable service for employees who became members of PERS before July 1, 2011) are entitled, upon application, to an annual retirement allowance payable monthly for life in an amount equal to 2.0 percent of their average compensation for each year of creditable service up to and including 30 years (25 years for those who became members of PERS before July 1, 2011), plus 2.5 percent for each additional year of creditable service with an actuarial reduction in the benefit for each year of creditable service below 30 years or the number of years in age that the member is below 65,

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

whichever is less. Average compensation is the average of the employee's earnings during the four highest compensated years of creditable service. Benefits vest upon completion of eight years of membership service (four years of membership service for those who became members of PERS before July 1, 2007). PERS also provides certain death and disability benefits. A Cost-of-Living Adjustment (COLA) payment is made to eligible retirees and beneficiaries. The COLA is equal to 3.0 percent of the annual retirement allowance for each full fiscal year of retirement up to the year in which the retired member reaches age 60 (55 for those who became members of PERS before July 1, 2011), with 3.0 percent compounded for each fiscal year thereafter.

Contributions. PERS members are required to contribute 9.00% of their annual covered salary, and the school district is required to contribute at an actuarially determined rate. The employer's rate as of June 30, 2025 was 17.90% of annual covered payroll. Plan provisions and the Board of Trustees' authority to determine contribution rates are established by Section 25-11-1 of the Mississippi Code of 1972, as amended, and may be amended only by the Mississippi Legislature. The school district's contributions to PERS for the fiscal years ending June 30, 2025, 2024 and 2023 were \$1,525,508, \$1,455,102, and \$1,372,099, respectively, which equaled the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2025, the school district reported a liability of \$28,337,472 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the school district's long-term share of contribution to the pension plan relative to projected contributions of all participating entities, actuarially determined. The school district's proportionate share used to calculate the June 30, 2025 net pension liability was 0.109127 percent, which was based on a measurement date of June 30, 2024. This was an increase of 0.002748 percent from its proportionate share used to calculate the June 30, 2024 net pension liability, which was based on a measurement date of June 30, 2023.

For the year ended June 30, 2025, the District recognized pension expense of \$4,396,213. At June 30, 2025 the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Outflows of Resources
Differences between expected and actual experience	\$ 1,516,064	
Net difference between projected and actual earnings on pension plan investments	162,740	
Changes of assumptions	1,711,020	
Changes in proportion and differences between District contributions and proportionate share of contributions	1,488,378	1,091,009
District contributions subsequent to the measurement date	1,525,508	
Total	\$ 6,403,710	1,091,009

\$1,525,508 reported as deferred outflows of resources related to pensions resulting from school district contributions subsequent to the measurement date will be recognized as a reduction to the net pension liability in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

Year Ending June 30	
2026	\$ 1,623,312
2027	2,286,368
2028	107,719
2029	(230,206)
Total	<u>\$ 3,787,193</u>

Actuarial assumptions. The total pension liability as of June 30, 2024 was determined by an actuarial valuation prepared as of June 30, 2023 and by the investment experience for the fiscal year ending June 30, 2024. The following actuarial assumptions are applied to all periods included in the measurement:

Inflation	2.40 percent
Salary increases	2.65 – 17.90 percent, including inflation
Investment rate of return	7.00 percent, net of pension plan investment expense, including inflation

Mortality rates for service retirees were based on the PubS.H-2010(B) Retiree Table with the following adjustments: For males, 95% of male rates up to age 60, 110% for ages 61 to 75 and 101% for ages above 77. For females, 84% of female rates up to age 72 and 100% for ages above 76. Mortality rates for disability retirees were based on the PubG.H-2010 Disabled Table adjusted 134% for males and 121% for females. Mortality rates for Contingent Annuitants were based on the PubS.H-2010(B) Contingent Annuitant Table, adjusted 97% for males and 110% for females. Mortality rates will be projected generationally using the MP-2020 projection scale to account for future improvements in life expectancy.

The actuarial assumptions used for the purposes of determining the total pension liability were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2022. The experience report is dated April 21, 2023.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The most recent target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>		<u>Long-Term Expected Real Rate of Return</u>	
Domestic Equity	25.00	%	5.15	%
International Equity	20.00		5.00	
Global Equity	12.00		5.15	
Fixed Income	18.00		2.75	
Real Estate	10.00		3.50	
Private Equity	10.00		6.25	
Infrastructure	2.00		3.85	
Private Credit	2.00		4.90	
Cash Equivalents	1.00		0.50	
Total	<u>100</u>	<u>%</u>		

Discount rate. The discount rate used to measure the total pension liability was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

the current contribution rate (9.00%) and that employer contributions will be phased in to 19.90 percent over five fiscal years (17.90 percent for FYE 2025, 18.40 percent for FYE 2026, 18.90 percent for FYE 2027, 19.40 percent for FYE 2028, 19.90 percent for FYE 2029 and beyond). Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate. The following table presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
\$ 36,729,489	\$ 28,337,472	\$ 21,469,243

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

Note 9 – Other Postemployment Benefits (OPEB)

General Information about the OPEB Plan.

Plan description. State law mandates that all state, public education, library, junior and community college and retiring employees be offered health and life benefit coverage through the State and School Employees' Life and Health Insurance Plan (the Plan). The Plan was established by Section 25-15-3 et seq., Mississippi Code Ann. (1972), which may be amended only by the State Legislature. The State and School Employees' Health Insurance Management Board (the Board) administers the Plan. The Board has the sole legal authority to promulgate rules and regulations governing the operations of the Plan within the confines of the law governing the Plan. The Plan is self-insured and is financed through premiums collected from employers, employees, retirees and COBRA participants. The Plan provides for Other Postemployment Benefits (OPEB) as a multiple-employer defined benefit OPEB plan. The plan issues a publicly available financial report that can be obtained at <http://knowyourbenefits.dfa.ms.gov/>.

Benefits provided.

The Plan was formed by the State Legislature to provide group health and life benefits to full-time active and retired employees of the State, agencies, universities, community/junior colleges, public school districts and public libraries. In addition, the spouse and/or children of covered employees and retirees, as well as surviving spouses and COBRA participants, may be eligible for health insurance coverage under the Plan. Benefits of the OPEB Plan consist of an implicit rate subsidy, which is essentially the difference between the average cost of providing health care benefits to retirees under age 65 and the average cost of providing health care benefits to all participants when premiums paid by retirees are not age adjusted. Employees' premiums are funded primarily by their employers. Retirees must pay their own premiums, as do active employees for spouse and dependent medical coverage. The Board has the sole authority for setting life and health insurance premiums for the Plan. Per Section 12-15-15 (10) Mississippi Code Ann. (1972), a retired employee electing to purchase retiree life and health insurance must pay the full cost of such insurance premium. If the Board determined actuarially that the premium paid by the participating retirees adversely affects the overall cost of the Plan to the State, then the Board may impose a premium surcharge, not to exceed 15%, upon such participating retired employees who are under the age for Medicare eligibility and who are initially employed before January 1, 2006. For participating retired employees who are under the age for Medicare eligibility and who are initially employed on or after January 1, 2006, the Board may impose a premium surcharge in an amount the Board determined actuarially to cover the full cost of insurance. The Plan offers a Base option and a Select option for health benefits for non-Medicare

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

participants. The Plan includes a separate coverage level for Medicare eligible retirees, Medicare Eligible surviving spouses, and Medicare eligible dependents of retirees and surviving spouses.

Contributions.

The Board has the sole authority for setting life and health insurance premiums for the Plan. The required premiums vary based on the plan selected and the type of participant. Employers pay no premiums for retirees while employees' premiums are funded primarily by their employer. Contributions to the OPEB plan from the District were \$37,780 for the year ended June 30, 2025.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources related to OPEB

At June 30, 2025, the District reported a liability of \$829,761 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2024, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The basis for the District's proportion is determined by comparing the employer's average monthly employees participating in the Plan with the total average employees participating in the Plan in the fiscal year of all employers. The allocation was utilized because the level of premiums contributed by each employer is the same for any employee regardless of plan participation elections made by the employee. At the measurement date of June 30, 2024, the District's proportion was 0.14849398 percent. This was an increase of 0.00521392 percent from the proportionate share as of the measurement date of June 30, 2023.

For the year ended June 30, 2025, the District recognized OPEB expense of (\$11,857). At June 30, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 171,413	\$ 147,028
Changes of assumptions	32,713	63,342
Net difference between projected and actual earnings on OPEB plan investments	33	
Changes in proportion and differences between District contributions and proportionate share of contributions	80,757	1,775
District contributions subsequent to the measurement date	37,780	
Total	\$ <u>322,696</u>	\$ <u>212,145</u>

\$37,780 reported as deferred outflows of resources related to OPEB resulting from school district contributions subsequent to the measurement date will be recognized as a reduction to the net OPEB liability in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30:

2026	\$ (8,352)
2027	2,813
2028	22,289
2029	29,854
2030	22,096
Thereafter	4,071
Total	\$ <u>72,771</u>

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

Actuarial assumptions. The total OPEB liability was determined by an actuarial valuation as of June 30, 2024, using the following key actuarial assumptions and other inputs:

Inflation	2.40 percent
Salary increases	2.65-17.90 percent, including wage inflation
Municipal Bond Index Rate	
Measurement Date	3.94%
Prior Measurement Date	3.66%
Year FNP is projected to be depleted	
Measurement Date	2024
Prior Measurement Date	2023
Single Equivalent Interest Rate, net of OPEB plan investment expense, including inflation	
Measurement Date	3.94%
Prior Measurement Date	3.66%
Health Care Cost Trends	
Medicare Supplement Claims	6.00% for 2025 decreasing to an ultimate
Pre-Medicare	rate of 4.50% by 2029 FYE

Mortality rates for service retirees were based on the PubS.H-2010(B) Retiree Table with the following adjustments: For males, 95% of male rates up to age 60, 110% for ages 61 to 75 and 101% for ages above 77. For females, 84% of female rates up to age 72 and 100% for ages above 76. Mortality rates for disability retirees were based on the PubG.H-2010 Disabled Table adjusted 134% for males and 121% for females. Mortality rates for Contingent Annuitants were based on the PubS.H-2010(B) Contingent Annuitant Table, adjusted 97% for males and 110% for females. Mortality rates will be projected generationally using the MP-2020 projection scale to account for future improvements in life expectancy.

The demographic actuarial assumptions used in the June 30, 2024 valuation were based on the results of the last actuarial experience study, dated April 21, 2023.

The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2024 valuation were based on a review of recent plan experience done concurrently with the June 30, 2024 valuation.

The long-term expected rate of return on OPEB plan investments is 4.50%.

Discount rate. The discount rate used to measure the total OPEB liability at June 30, 2024 was 3.94 percent. Since the Prior Measurement Date, the Discount Rate has changed from 3.66% to 3.94%.

The trust was established on June 28, 2018 with an initial contribution of \$1,000,000. As of June 30, 2024, the trust has \$1,104,394. The fiduciary net position is projected to be depleted immediately; therefore, the Municipal Bond Index Rate is used in the determination of the discount rate for both the June 30, 2023 and the June 30, 2024 total OPEB liability. The discount rate used to measure the total OPEB liability at June 30, 2024 was based on a monthly average of the Bond Buyers General Obligation 20-year Municipal Bond Index Rate.

Sensitivity of the District's proportionate share of the net OPEB liability to changes in the discount rate. The following presents the District's proportionate share of the net OPEB liability, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

percentage-point lower (2.94 percent) or 1-percentage-point higher (4.94 percent) than the current discount rate:

	1% Decrease (2.94%)	Current Discount Rate (3.94%)	1% Increase (4.94%)
Net OPEB liability	\$ 904,554	\$ 829,761	\$ 764,490

Sensitivity of the District's proportionate share of the net OPEB liability to changes in the healthcare cost trend rates. The following presents the District's proportionate share of the net OPEB liability, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease	Healthcare Cost Trend Rates Current	1% Increase
Net OPEB liability	\$ 775,042	\$ 829,761	\$ 890,763

OPEB plan fiduciary net position. Detailed information about the OPEB plan's fiduciary net position is available in a separately issued report that can be found at <http://knowyourbenefits.dfa.ms.gov/>.

Note 10 – Contingencies

Federal Grants – The school district has received federal grants for specific purposes that are subject to audit by the grantor agencies. Entitlements to these resources are generally conditional upon compliance with the terms and conditions of the grant agreements and applicable federal regulations, including the expenditure of resources for allowable purposes. Any disallowances resulting from the grantor audit may become a liability of the school district.

Litigation – The school district is party to legal proceedings, many of which occur in the normal course of governmental operations. It is not possible at the present time to estimate the outcome or liability, if any, of the school district with respect to the various proceedings. However, the school district's legal counsel believes that ultimate liability resulting from these lawsuits will not have a material adverse effect on the financial condition of the school district.

Note 11 – Risk Management

The school district is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The district carries commercial insurance for these risks. Settled claims resulting from these insured risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 12 - Qualified School Construction Bonds

Section 1521 of the American Recovery and Reinvestment Act (ARRA) of 2009 provides for a source of capital at no or at nominal interest rates for costs incurred by certain public schools in connection with the construction, rehabilitation or repair of a public school facility or for the acquisition of land where a school will be built. Investors receive Federal income tax credits at prescribed tax credit rates in lieu of interest, which essentially allows state and local governments to borrow without incurring interest costs. While Qualified School Construction Bonds (QSCBs) are intended to be interest free to a borrower, the ARRA legislation allows a lender to charge supplemental interest, and such supplemental interest is the responsibility of the school district.

When the stated interest rate on the QSCB results in interest payments that exceed the supplemental interest payments discussed in the preceding paragraph, the school district may apply for a direct cash

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

subsidy payment from the U.S. Treasury which is intended to reduce the stated interest rate to a nominal percentage. For the year ended June 30, 2025, the subsidy payments amounted to \$112,772.

The school district makes equal annual payments into a sinking fund which is used to pay off the bonds at termination. The current maturity limit of tax credit bonds is 17 years, per the U. S. Treasury Department. Under this program, ten percent of the proceeds must be subject to a binding commitment to be spent within six months of issuance and 100% must be spent within three years. Up to two percent of bond proceeds can be used to pay costs of issuance. The amount on deposit at June 30, 2025 was \$2,041,121. The amount accumulated in the sinking fund at the end of the seventeen-year period is expected to be sufficient to retire the debt. The following schedule reports the annual deposits to be made to the sinking fund by the school district.

Year Ending June 30	Amount
2026	\$ 152,000
2027	152,000
Total	\$ <u>304,000</u>

Note 13 – Alternative School Consortium

The school district entered into an Alternative School Agreement dated July 1, 1995 creating the Northeast Mississippi Regional Alternative Education Cooperative (NEMRAEC). This consortium was created pursuant to the provisions of Section 37-13-92 (6), Miss. Code Ann. (1972), and approved by the Mississippi Department of Education and includes the Booneville School District, Baldwin School District and Prentiss County School District.

Section 37-13-92 (6), Miss. Code Ann. (1972), allows two or more adjacent school districts to enter into a contract to operate an alternative school program. The school board of the school district designated by the agreement as the lead district will serve as the governing board of the alternative school program. Transportation for students attending the alternative school program will be the responsibility of the individual school district sending the students.

The Booneville School District has been designated as the lead school district for NEMRAEC, and the operations of the consortium are included in its financial statements.

The following Statement of Revenues, Expenditures, and Changes in Fund Balance is presented to detail the financial activity of the Northeast Mississippi Regional Alternative Education Cooperative.

BOONEVILLE SCHOOL DISTRICT

Fund Balances:

July 1, 2024	16,639
June 30, 2025	\$ 12,742

Note 14 – Vocational School Consortium

The school district entered into a Vocational Educational Agreement dated January 1, 1984, creating the Prentiss County Career and Technology Center. This consortium was created pursuant to the provisions of Section 37-31-73, Miss. Code Ann. (1972), and approved by the Mississippi Department of Education. The consortium includes the Booneville School District and the Prentiss County School District.

Section 37-31-73, Miss. Code Ann. (1972), authorizes the above noted entities to enter into an agreement that would provide for the construction or operation of a regional vocational education center. Any such agreement should provide for a designated fiscal agent, providing the method of financing the construction and operation of such facilities, the manner in which such facilities are to be controlled and staffed and detail procedures for student admission and transportation services for those students.

The Prentiss County School District has been designated as the fiscal agent for the Prentiss County Career and Technology Center, and the operations of the consortium are included in its financial statements.

Note 15 – Effect of Deferred Amounts on Net Position

The unrestricted net position (deficit) amount of (\$20,890,563) includes the effect of deferring the recognition of expenses resulting from a deferred outflow from pensions. A portion of the deferred outflow of resources related to pensions in the amount of \$1,525,508 resulting from the school district contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2026. The \$4,878,202 balance of deferred outflow of resources related to pensions at

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

June 30, 2025, will be recognized as an expense and will decrease the unrestricted net position over the next 4 years.

The unrestricted net position (deficit) amount of (\$20,890,563) includes the effect of deferring the recognition of expenses resulting from a deferred outflow from OPEB. A portion of the deferred outflow of resources related to OPEB in the amount of \$37,780 resulting from the school district contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2026. The \$284,916 balance of deferred outflow of resources related to OPEB at June 30, 2025, will be recognized as an expense and will decrease the unrestricted net position over the next 6 years.

The unrestricted net position (deficit) amount of (\$20,890,563) includes the effect of deferring the recognition of revenue resulting from a deferred inflow from pensions. The \$1,091,009 balance of deferred inflow of resources related to pensions at June 30, 2025, will be recognized as revenue and will increase the unrestricted net position over the next 3 years.

The unrestricted net position (deficit) amount of (\$20,890,563) includes the effect of deferring the recognition of revenue resulting from a deferred inflow from OPEB. The \$212,145 balance of deferred inflow of resources related to OPEB at June 30, 2025, will be recognized as revenue and will increase the unrestricted net position over the next 6 years.

Note 16 – Mississippi Public School Consortium for Educational Access

The school district entered into a cooperative agreement dated June 15, 2018, creating the Mississippi Public School Consortium for Educational Access. This consortium was created pursuant to the provisions of Section 37-31-73, Miss. Code Ann. (1972) and approved by the Mississippi Department of Education. The consortium includes the Scott County School District, Aberdeen School District, Booneville School District, Coahoma Agriculture High School, Holmes County Consolidated School District, Pontotoc County School District, Quitman County School District and the South Panola School District.

Section 37-31-73, Miss. Code Ann. (1972), authorizes the above noted entities to enter into an agreement that would provide for the construction or operation of a regional education center. Any such agreement should designate the fiscal agent, provide the method of financing for the construction and operation of such facilities, the manner in which such facilities are to be controlled and staffed and detail procedures for student admission and transportation services for those students.

The Scott County School District has been designated as the fiscal agent for the Mississippi Public School Consortium for Educational Access, and the operations of the center are included in its financial statements.

Note 17 – Alcorn Juvenile Detention Center

The Mississippi Code of 1972 Annotated Section 43-21-321 requires that educational services are provided to students detained in a juvenile detention facility. In an effort to ensure that academic and behavioral concerns are addressed, the Mississippi Department of Education has set standards for the provision of educational services in accordance with all applicable federal and state laws.

The District participates in the Alcorn County Juvenile Detention Center. Corinth School District serves as the sponsoring school district.

Note 18 – Adjustments and Restatements of Beginning Balances

Government-wide

Change in Accounting Principle or Estimate

General Accounting Standards Board (GASB) Statement No.101, effective for years beginning after

BOONEVILLE SCHOOL DISTRICT
Notes to the Financial Statements
For the Year Ended June 30, 2025

December 15, 2023, updates the recognition and measurement guidance for compensated absences. This new standard aims to create a more consistent model applicable to all types of compensated absences arrangements, such as vacation, personal, and sick leave.

A liability for compensated absences must be recognized if; 1) The leave is attributable to services rendered; 2) The leave accumulates and carries forward to future periods; and 3) It is more likely than not (greater than 50% likelihood) that the leave will be used or paid.

The district restated the beginning net position to account for the new liability amounts as of the beginning of the beginning of the 2025 fiscal year. The restatement reduced the beginning net position by \$236,918.

Correction of an Error in Previously Issued Financial Statements

Adjustment was made to improvements other than buildings in the amount of (\$400) to correct errors in fiscal year 2024.

Correction of an Error in Previously Issued Financial Statements

An adjustment to the general fund and other governmental funds was made in the amount of \$486 and \$6,596, respectively to reclass an asset or liability.

Adjustments to and Restatements of Beginning Balances

During fiscal year 2025, error corrections resulted in adjustments to and restatements of beginning net position and fund balance, as follows:

Reporting Units Affected by Adjustments to and Restatement of Beginning Balances			
Funds			Government-Wide
	General Fund	Other Governmental Funds	Governmental Activities
July 1, 2024, as previously reported	\$ 3,577,151	1,748,519	\$ (7,716,731)
Change in accounting principle	-	-	(236,918)
Error correction	486	6,596	6,682
July 1, 2024, as adjusted or restated	\$ 3,577,637	1,755,115	\$ (7,946,967)

Note 19 – Other Commitments

Commitments under construction contracts are described in Note 5.

Note 20 - Subsequent Events

Events that occur after the Statement of Net Position date but before the financial statements are available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the Statement of Net Position date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the Statement of Net Position date require disclosure in the accompanying notes. Management of the Booneville School District evaluated the activity of the district through January 23, 2026, (the date the financial statements were available to be issued), and determined that no subsequent event has occurred requiring disclosure in the notes to the financial statements.

Budgetary Comparison Schedule

(1) Basis of Presentation

The Budgetary Comparison Schedule presents the original legally adopted budget, the final legally adopted budget, the actual data on the GAAP basis, variances between the original budget and the final budget, and variances between the final budget and the actual data.

(2) Budget Amendments and Revisions

The budget is adopted by the school board and filed with the taxing authority. Amendments can be made on the approval of the school board. By statute, final budget revisions must be approved on or before October 15. A budgetary comparison is presented for the General Fund consistent with accounting principles generally accepted in the United States of America.

Pension Schedules

(1) *Changes of assumptions*

2015:

The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Table projected to 2016 using Scale BB rather than the RP-2000 Mortality Table, which was used prior to 2015.

The expectation of disabled mortality was changed to the RP-2014 Disabled Retiree Table, rather than the RP-2000 Disabled Mortality Table, which was used prior to 2015.

Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience.

Assumed rates of salary increase were adjusted to more closely reflect actual and anticipated experience.

The price inflation and investment rate of return assumptions were changed from 3.50% to 3.00% and 8.00% to 7.75%, respectively.

2016:

The assumed rate of interest credited to employee contributions was changed from 3.50% to 2.00%.

2017:

The expectation of retired life mortality was changed to the RP-2014 Healthy Annuitant Blue Collar Mortality Table projected with Scale BB to 2022. Small adjustments were also made to the Mortality Table for disabled lives.

The wage inflation assumption was reduced from 3.75% to 3.25%.

Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to more closely reflect actual experience.

The percentage of active member disabilities assumed to be in the line of duty was increased from 6% to 7%.

BOONEVILLE SCHOOL DISTRICT
Notes to the Required Supplementary Information
For the Year Ended June 30, 2025

2019:

The expectation of retired life mortality was changed to the PubS.H-2010(B) Retiree Table with the following adjustments: for males, 112% of male rates from ages 18 to 75 scaled down to 105% for ages 80 to 119; for females, 85% of the female rates from ages 18 to 65 scaled up to 102% for ages 75 to 119; and projection scale MP-2018 will be used to project future improvements in life expectancy generationally.

The expectation of disabled mortality was changed to PubT.H-2010 Disabled Retiree Table for disabled retirees with the following adjustments: for males, 137% of male rates at all ages; for females, 115% of female rates at all ages; and projection scale MP-2018 will be used to project future improvements in life expectancy generationally.

The price inflation assumption was reduced from 3.00% to 2.75%.

The wage inflation assumption was reduced from 3.25% to 3.00%.

Withdrawal rates, pre-retirement mortality rates, and service retirement rates were also adjusted to more closely reflect actual experience.

The percentage of active member disabilities assumed to be in the line of duty was increased from 7% to 9%.

2021:

The expectation of retired life mortality was changed to the PubS.H-2010(B) Retiree Table with the following adjustments: for males, 95% of male rates up to age 60, 110% for ages 61 to 75, and 101% for ages above 77; for females, 84% of female rates up to age 72, 100% for ages above 76; and projection scale MP-2020 will be used to project future improvements in life expectancy generationally.

The expectation of disabled mortality was changed to PubG.H-2010 Disabled Table for disabled retirees with the following adjustments: for males, 134% of male rates at all ages; for females, 121% of female rates at all ages; and projection scale MP-2020 will be used to project future improvements in life expectancy generationally.

The expectation of contingent annuitant mortality was based on the PubS.H-2010(B) Contingent Annuitant Table with the following adjustments: for males, 97% of male rates at all ages; for females, 110% of female rates at all ages; and projection scale MP-2020 will be used to project future improvements in life expectancy generationally.

The price inflation assumption was reduced from 2.75% to 2.40%.

The wage inflation assumption was reduced from 3.00% to 2.65%.

The investment rate of return assumption was changed from 7.75% to 7.55%.

The assumed load for administrative expenses was increased from 0.25% to 0.28%.

Withdrawal rates, pre-retirement mortality rates, disability rates and service retirement rates were also adjusted to reflect actual experience more closely.

The percentage of active member disabilities assumed to be in the line of duty was increased from 9% to 12%.

The percentage of active member deaths assumed to be in the line of duty was decreased from 6% to 4%.

BOONEVILLE SCHOOL DISTRICT
Notes to the Required Supplementary Information
For the Year Ended June 30, 2025

2023:

The investment rate of return assumption was changed from 7.55% to 7.00%.

The assumed load for administrative expenses was increased from 0.28% to 0.26% of payroll.

Withdrawal rates, disability rates and service retirement rates were adjusted to reflect actual experience more closely.

The percentage of participants assumed to receive a deferred benefit upon attaining the eligibility requirements for retirement was increased from 60% to 65%.

For married members, the number of years that a male is assumed to be older than his spouse was changed from 3 years 2 years.

The assumed amount of unused sick leave at retirement was increased from 0.50 years to 0.55 years.

The assumed average number of years of military service that participants will have at retirement was decreased from 0.25 years to 0.20 years.

(2) *Changes in benefit provisions*

2016:

Effective July 1, 2016, the interest rate on employee contributions shall be calculated based on the money market rate as published by the Wall Street Journal on December 31 of each preceding year with a minimum rate of one percent and a maximum rate of five percent.

(3) *Method and assumptions used in calculations of actuarially determined contributions.*

The actuarially determined contribution rates in the schedule of employer contributions are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported (June 30, 2022 valuation for the June 30, 2024 fiscal year end). The following actuarial methods and assumptions were used to determine the most recent contribution rate reported in that schedule:

Actuarial cost method	Entry age
Amortization method	Level percentage of payroll, open
Remaining amortization period	25.6 years
Asset valuation method	5-year smoothed market
Price Inflation	2.40 percent
Salary increase	2.65 percent to 17.90 percent, including inflation
Investment rate of return	7.55 percent, net of pension plan investment expense, including inflation

OPEB Schedules

(1) *Changes of assumptions*

2017: The discount rate was changed from 3.01% for the prior Measurement Date to 3.56% for the current Measurement Date.

2018: The discount rate was changed from 3.56% for the prior Measurement Date to 3.89% for the current Measurement Date.

2019: The discount rate was changed from 3.89% for the prior Measurement Date to 3.50% for the current Measurement Date.

BOONEVILLE SCHOOL DISTRICT
Notes to the Required Supplementary Information
For the Year Ended June 30, 2025

2020: The discount rate was changed from 3.50% for the prior Measurement Date to 2.19% for the current Measurement Date.

2021: The discount rate was changed from 2.19% for the prior Measurement Date to 2.13% for the current Measurement Date.

2022: The discount rate was changed from 2.13% for the prior Measurement Date to 3.37% for the current Measurement Date.

2023: The discount rate was changed from 3.37% for the prior Measurement Date to 3.66% for the current Measurement Date. Withdrawal rates, disability rates, service retirement rates and salary merit rates were adjusted to reflect actual experience more closely.

2024: The discount rate was changed from 3.66% for the prior Measurement Date to 3.94% for the current Measurement Date. Withdrawal rates, disability rates, service retirement rates and salary merit rates were adjusted to reflect actual experience more closely.

(2) *Changes in benefit provisions*

2017: None

2018: None

2019: None

2020: The schedule of monthly retiree contributions was increased as of January 1, 2021. In addition, the deductibles and coinsurance maximums were increased for the Select coverage and the coinsurance maximums were increased for the Base Coverage beginning January 1, 2021.

2021: The schedule of monthly retiree contributions was increased as of January 1, 2022. In addition, the in-network medical deductible was increased for the Select coverage beginning January 1, 2022.

2022: The schedule of monthly retiree contributions was increased as of January 1, 2023. In addition, the in-network medical deductible was increased for the Select coverage beginning January 1, 2023.

2023: The schedule of monthly retiree contributions was increased as of January 1, 2024. In addition, the in-network medical deductible was increased for the Base Family coverage beginning January 1, 2024.

2024: The schedule of monthly retiree contributions was increased as of January 1, 2025. In addition, the medical deductible was increased for the Base Family coverage beginning January 1, 2025.

(3) *Methods and assumptions used in calculations of Actuarially Determined Contributions.* The Actuarially Determined Contributions rates, as a percentage of payroll, used to determine the Actuarially Determined Contribution amounts in the Schedule of Employer Contributions are calculated as of the most recent Valuation Date. The following actuarial methods and assumptions (from the June 30, 2023 actuarial valuation) were used to determine contribution rates reported in that schedule for the year ending June 30, 2024 :

BOONEVILLE SCHOOL DISTRICT

BOONEVILLE SCHOOL DISTRICT
Notes to the Supplementary Information
For the Year Ended June 30, 2025

Schedule of Expenditures of Federal Awards

(1) Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the Booneville School District under programs of the federal government for the year ended June 30, 2025. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Booneville School District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Booneville School District.

(2) Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the same basis of accounting and the same significant accounting policies, as applicable, as those used for the financial statements; however, the expenditures include transfers out. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(3) Indirect Cost Rate

The Booneville School District has not elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

(4) Other Items

Donated commodities in the amount of \$25,867 are included in the National School Lunch Program. E-rate funds have not been included on this schedule due to the fact the FCC considers the support to be in the form of providing a discount to the schools and libraries and does not consider the assistance to be direct financial support.

Schedule of Instructional, Administrative and Other Expenditures – Governmental Funds

(1) Basis of Accounting

This schedule is presented on the same basis of accounting and the same significant accounting policies, as applicable, as those used for the financial statements.

**Schedule of Instructional, Administrative and Other Expenditures - Governmental Funds
For the Year Ended June 30, 2025**

<u>Expenditures</u>	<u>Total</u>	<u>Instruction and Other Student Instructional Expenditures</u>	<u>General Administration</u>	<u>School Administration</u>	<u>Other</u>
Salaries and fringe benefits	\$ 11,694,075	9,171,341	723,854	676,649	1,122,231
Other	11,257,954	1,514,074	205,189	30,751	9,507,940
Total	<u>\$ 22,952,029</u>	<u>10,685,415</u>	<u>929,043</u>	<u>707,400</u>	<u>10,630,171</u>
Total number of students *	<u>1,248</u>				
Cost per student	<u>\$ 18,391</u>	<u>8,562</u>	<u>744</u>	<u>567</u>	<u>8,518</u>

For purposes of this schedule, the following columnar descriptions are applicable:

Instruction and Other Student Instructional Expenditures - includes the activities dealing directly with the interaction between teachers and students. Included here are the activities of teachers, teachers aides or classroom assistants of any type.

General Administration - includes expenditures for the following functions: Support Services - General Administration and Support Services - Business.

School Administration - includes expenditures for the following function: Support Services - School Administration.

Other - includes all expenditure functions not included in Instruction or Administration Categories.

* includes the number of students reported on the ADA report submission for month 9, which is the final submission for the fiscal year

INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Superintendent and School Board
Booneville School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Booneville School District, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise Booneville School District's basic financial statements, and have issued our report thereon dated January 23, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Booneville School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Booneville School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Booneville School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Booneville School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance For Each Major Federal Program; Report on Internal Control Over Compliance Required by the Uniform Guidance

Superintendent and School Board
Booneville School District

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Booneville School District's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Booneville School District's major federal programs for the year ended June 30, 2025. The Booneville School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Booneville School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report. We are required to be independent of the Booneville School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Booneville School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Booneville School District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Booneville School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Booneville School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Booneville School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Booneville School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Booneville School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH STATE LAWS AND REGULATIONS

Superintendent and School Board
Booneville School District

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Booneville School District as of and for the year ended June 30, 2025, which collectively comprise Booneville School District's basic financial statements and have issued our report thereon dated January 23, 2026. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Section 37-9-18(3)(a), Miss. Code Ann. (1972), states in part, "the auditor shall test to ensure that the school district is complying with the requirements of Section 37-61-33(3)(a)(iii), Miss. Code Ann. (1972), relating to classroom supply funds." As required by the state legal compliance audit program prescribed by the Office of the State Auditor, we have also performed procedures to test compliance with certain other state laws and regulations. However, providing an opinion on compliance with all state laws and regulations was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of our procedures performed to test compliance with the requirements of Section 37-61-33(3)(a)(iii), Miss. Code Ann. (1972), disclosed no instances of noncompliance.

Section 37-9-18(3)(b), Miss. Code Ann. (1972), states in part, "the auditor shall test to ensure correct and appropriate coding at the function level. The audit must include a report showing the correct and appropriate functional level expenditure codes in expenditures by the school district."

The results of our procedures performed to test compliance with the requirements of Section 37-9-18(3)(b), Miss. Code Ann. (1972), disclosed no instances of noncompliance related to incorrect or inappropriate functional level expenditure coding.

As required by the state legal compliance audit program prescribed by the Office of the State Auditor, we have also performed procedures to test compliance with certain other state laws and regulations. However, providing an opinion on compliance with all state laws and regulations was not an objective of our audit and, accordingly, we do not express such an opinion.

The results of procedures performed to test compliance with certain other state laws and regulations and our audit of the financial statements disclosed the following instances of immaterial noncompliance with other state laws and regulations. Our findings and recommendations and your responses are as follows:

State Legal Finding 01:

Internal Control Deficiency:

Management is responsible for ensuring that the assets of the District are safeguarded and transactions are properly documented in the District's financial records. A critical aspect of internal controls is to ensure outstanding checks and deposits are balanced per the District's bank statements and reconciled against the amount of cash listed on the District's general ledger. The reconciliation process enables the Business Office to make adjusting journal entries to correct any mistakes or unrecorded items in the District's financial records.

Applicable Administrative Guidance:

Mississippi Department of Education Policy Manual, Chapter 71, School Business Officials, Rule 71.3, Required Monthly Reports to be Furnished to Local School Board, (1)(a) Reconciled Bank Statements states, "All bank statements should be reconciled within 30 days of receipt. Presentation of reconciled bank statements

Condition:

During our review of the school district's bank reconciliations, the auditor noted one bank account (payroll clearing) not properly reconciled to the general ledger's cash balance at fiscal year-end, resulting in a difference totaling (287,108.08):

Cause:

The district did not revise bank reconciliation after all year-end adjustments were made.

Effect:

Failure to record all transactions in the general ledger and properly reconcile bank statements could result in the misstatement of the district's financial statements, errors, or fraud occurring without detected in a timely manner.

Recommendation:

We recommend that the district review all bank reconciliations after year-end adjustments and make revisions when necessary.

Response:

The district will ensure that all bank reconciliations agree to the cash balances in the general ledger at year-end..

Repeat Finding:

Yes – Finding 01

State Legal Finding 02:

Internal Control Deficiency:

The Board of Education establishes priorities for the financial management of the district, reviews and approves all presented budgets, and assures expenditures for the district fund are within the legal requirements of the approved budget.

Applicable State Law:

Section 37-61-19 states, "It shall be the duty of the superintendents of schools and the school boards of all school districts to limit the expenditure of school funds during the fiscal year to the resources available. It shall be unlawful for any school district to budget expenditures from a fund in excess of the resources available within that fund. Furthermore, it shall be unlawful for any contract to be entered into or any obligation incurred or expenditure made in excess of the resources available for such fiscal year. Any member of the school board, superintendent of schools, or other school official, who shall knowingly enter into any contract, incur any obligation, or make any expenditure in excess of the amount available for the fiscal year shall be personally liable for the amount of such excess..."

Condition:

During our review of the school district's budgets the auditor noted the following exceptions:

1. The district approved eight (8) funds with a negative fund balance on the original budget:
 - a. Extended School Year Fund – (\$7,395.04)
 - b. Title I-A Basic Fund – (\$36,537.43)
 - c. Consolidated Administrative Cost Fund – (\$5,003.06)
 - d. Title V – Rural & Low Income Fund – (\$11,955.00)
 - e. ARP ESSER III Fund – (\$111,650.32)

- f. IDEA Part B – 84.027A Fund – (\$31,654.11)
 - g. Preschool – 84.173A Fund – (\$4,326.14)
 - h. K-3 Universal Screeners Fund – (\$2,834.00)
2. The district approved three (3) funds with a negative fund balance on the amended budget
- a. Title I-A Basic Fund – (\$49,491.28)
 - b. Title V – Rural & Low Income Fund – (\$8,121.00)
 - c. IDEA Part B – 84.027A Fund – (\$33,510.10)

Cause:

The district did not review individual funds during the budget process to ensure adequate funds were budgeted to eliminate deficit fund balances. The actual fund balances were not negative at June 30, 2025

Effect:

The approval of fund budgets with ending deficit fund balances could result in the noncompliance with state law. Also, failure to ensure there are resources available for all expenditures could result in deficit fund balances.

Recommendation:

We recommend that the district strengthen its controls to review all individual funds during the budget process to ensure funds are available and prevent negative fund balances from being presented to the board for approval.

Response:

The district will ensure compliance by making sure the budget reports accurately reflect the beginning and ending fund balances.

Repeat Finding:

Yes – Finding 02

State Legal Finding 03:

Internal Control Deficiency:

Management is responsible for ensuring that all travel reimbursement expenditures are correctly recorded, allowed, and documented, as required by the Department of Finance and Administration. Proper internal controls would include maintaining corroborating evidence such as conference schedules, attendance certifications, and completing travel request forms.

School Board Policy:

Section D, Fiscal Management, Policy Code DJD, Expenses Reimbursements states, "...For each mile actually and necessarily traveled in the employees' automobile or other private motor vehicle, the same rate of pay per mile as set by the Mississippi Department of Finance and Administration ... Employees shall be reimbursed for other actual expenses such as meals, lodging, other necessary expenses incurred in the course of such travel, subject to limitations placed on meals for intrastate and interstate official travel by the Mississippi Department of Finance and Administration and rules and regulation adopted by the Mississippi Department of Audit."

Applicable State Law:

Section 25-3-41(4) states, "In addition to the foregoing, a public officer or employee shall be reimbursed for other actual expenses such as meals, lodging and other necessary expenses incurred in the course of the travel, subject to limitations placed on meals for intrastate and interstate official travel by the Department of Finance and Administration, provided, that the Legislative Budget Office shall place any limitations for expenditures made on matters under the jurisdiction of the Legislature. The Department of Finance and Administration shall set a maximum daily expenditure annually for such meals and shall notify officers and employees of changes to these allowances immediately upon approval of the changes..."

Applicable Administrative Guidance:

State of Mississippi, DFA, Office of Purchasing, Travel and Fleet Management, State Travel Policy, Rules and Regulations, Section 3 – Transportation, 109. Vehicle Travel, D. Calculating Reimbursement for Driving vs. Flying states, “When travel is by private vehicle, the total travel expense reimbursed, including meal and lodging costs incurred as a result of driving instead of flying, shall not exceed the cost of the lowest unrestricted air fare unless a complete written justification signed by the employee’s Agency Head determines that it is in the best interest of the agency that the employee drive, or that, on comparison of “total driving” and “total flying” expenses, it is less expensive to drive than to fly. If the employee chooses to drive and expenses exceed the cost of the lowest unrestricted air fare, reimbursement will be limited to the cost of flying.”

Condition:

During our review of the school district’s travel reimbursements the auditor noted the following exceptions:

1. The district did not have corroborating evidence to support the purpose of the travel reimbursements for twelve (12) travel vouchers in the sample.
2. Three (3) instances where the Superintendent’s travel vouchers were not signed by another employee indicating review and approval by a second party.

Cause:

The district did not review supporting documents to ensure all travel vouchers could be supported and all vouchers required a second signature of approval.

Effect:

Failure to have adequate internal controls surrounding travel vouchers could result in fraud, loss, or misappropriation of public funds and resulted in noncompliance with state law.

Recommendation:

We recommend that the district strengthen its controls and ensure compliance by implementing adequate policies and procedures to ensure reimbursements for all travel expenses follow all state laws and regulations.

Response:

The district will ensure compliance by making sure our policies comply with the state statutes regarding travel and we will ensure our policies are followed on each travel reimbursement.

Repeat Finding:

Yes – Finding 03

State Legal Finding 04:

Internal Control Deficiency:

Management is responsible for ensuring the assets of the District are safeguarded and transactions are properly documented and recorded in the District’s Board minutes. A critical aspect of internal controls includes numbering the Board minute pages.

Applicable State Law:

Section 37-6-9 states, “...Minutes shall be kept of all meetings of the school board showing (a) the members present and absent; (b) the date, time and place of the meeting; (c) an accurate recording of any final actions taken at such meeting; (d) a record by individual member of any votes taken at such meeting; and (e) any other information that the school board requests to be reflected in the minutes. Each member of the school board present shall either vote or abstain on every question upon which a vote is taken at such meeting. All action taken by a school board shall become official at the time it is taken. All minutes of the school board shall be signed by the president of the board, shall be attested by the secretary of the board and shall be adopted by the board at the next regular meeting, or within thirty (30) working days, whichever occurs later.”

Section 25-41-13(1)(a) states, “(1) Any public body which holds its meetings at such times and places and by such procedures as are specifically prescribed by statute shall continue to do so and no additional notice of such meetings shall be required except that: (a) A notice of the place, date, hour and subject matter of any recess meeting, adjourned meeting, interim meeting or any called special meeting shall be posted within one (1) hour after such meeting is called in a prominent place available to examination and inspection by the general public in the building in which the public body normally meets. A copy of the notice shall be made a part of the minutes or other permanent official records of the public body.”

School Board Policy:

Section B, School Board Operations, Policy Code BCAC, Special Meetings of the Board, states “...In order for an item to be legally considered at a called meeting of the board, there must be prior notice that the item will be discussed at the meeting. All items to be discussed at the special or called meeting must be included in the call...A notice of the place, date, hour and subject matter...of any called special meeting shall be posted within one (1) hour after such meeting is called in a prominent place available to examination and inspection by the general public in the building in which the school board normally meets. The copy of the notice shall be made a part of the minutes or other permanent official records of the school board...”

Condition:

During our review of the school district’s board minutes the auditor noted the following exception:

1. The district did not have documentation showing the budget hearing in the minutes held prior to the budget hearing.
2. The official board minutes’ pages were not numbered

Cause:

The district did not ensure the board minutes required items were maintained and spread across the minutes.

Effect:

Failure to have adequate internal controls surrounding the maintenance and preparation of the Board minutes could result in state law and regulations being circumvented. Failure to ensure required items were note spread upon the District’s Board minutes resulted in noncompliance with state law.

Recommendation:

We recommend that the district strengthen its controls by implementing adequate policies and procedures to ensure all Board minutes in the future are correctly numbered and all minutes are maintained according to state law.

Response:

The district will ensure that the pages of the minutes will be numbered and everything that is legally required to be posted in the notice is spread across the minutes and will comply with all state laws and regulations regarding the minutes.

Repeat Finding:

Yes – Finding 05

State Legal Finding 05:

Applicable State Law:

Section 37-7-333 states, “...All such allotments or funds shall be placed in the depository or depositories selected by the school board in the same manner as provided in Section 27-105-305 for the selection of county depositories. Provided, however, the annual notice to be given by the school board to financial institutions may be given by the school board at any regular meeting subsequent to the board’s regular December meeting but prior to the regular May meeting. The bids of financial institutions for the privilege of keeping school funds may be received by the school board at some subsequent meeting, but no later than the regular June meeting; and the selection by the school board of the depository or depositories shall be effective on July 1 of each year. School boards shall advertise and accept bids for depositories, no less

than once every three (3) years, when such board determines that it can obtain a more favorable rate of interest and less administrative processing...”

Condition:

During our review of the school district’s depositories, the auditor noted the Board approved its depository; however, the name of the approved depository was not spread upon the Board minutes.

Cause:

The district did not have adequate controls to ensure all information was properly recorded in the minutes regarding the district’s depositories.

Effect:

Failure to ensure that the name of the district’s depository is properly approved resulted in noncompliance with state law.

Recommendation:

We recommend that the district ensure compliance by properly spreading the name of its depository upon the Board minutes as required by state law.

Response:

The district will ensure the name of the winning depository is spread across the board minutes.

Repeat Finding:

Yes – Finding 10

State Legal Finding 06:

School Board Policy:

Section D, Fiscal Management, Policy Code DJEC, Federal Purchasing and Procurement states, “When utilizing federal funds, district staff must strictly adhere to the guidance and rules outlined by the Office of Management and Budget (OMB) in the Uniformed Administrative Requirements, Cost Principals, and Audit Requirements for Federal Awards (2 Part 200); included but not limited to the following:

- Federal purchases of goods (commodities) or services under \$3,500 are considered “micro purchases.”

...

- For federal purchases of goods (commodities) between the amounts of \$3,501 and \$50,000, districts must have at least two (2) price quotes. Anything over \$50,000 must adhere to the Mississippi state Purchase Law Summary which requires the competition of a sealed bid.”

Applicable State Law:

Section 31-7-13(b) states, “Bidding procedure for purchases over \$5,000.00 but not over \$75,000.00. Purchases which involve an expenditure of more than Five Thousand Dollars (\$5,000.00) but not more than Seventy-five Thousand Dollars (\$75,000.00), exclusive of freight and shipping charges, may be made from the lowest and best bidder without publishing or posting advertisement for bids, provided at least two (2) competitive written bids have been obtained...The term “competitive written bid” shall mean a bid submitted on a bid form furnished by the buying agency or governing authority and signed by authorized personnel representing the vendor, or a bid submitted on a vendor’s letterhead or identifiable bid form and signed by authorized personnel representing the vendor. “Competitive” shall mean that the bids are developed based upon comparable identification of the needs and are developed independently and without knowledge of other bids or prospective bids. Any bid item for construction in excess of Five Thousand Dollars (\$5,000.00) shall be broken down by components to provide detail of component description and pricing. These details shall be submitted with the written bids and become part of the bid evaluation criteria. Bids may be submitted by facsimile, electronic mail or other generally accepted method of information distribution. Bids submitted by electronic transmission shall not require the signature of the vendor’s representative unless required by agencies or governing authorities.”

Section 31-7-13(d)(i) states, “...If any governing authority accepts a bid other than the lowest bid actually submitted, it shall place on its minutes detailed calculations and narrative summary showing that the

accepted bid was determined to be the lowest and best bid, including the dollar amount of the accepted bid and the dollar amount of the lowest bid...”

Condition:

During our review of the school district's purchasing expenditures, the auditor noted the following exceptions:

1. One (1) purchase where a second quote was received after the purchase requisition was created.
2. Two (2) purchases where other than the lowest quote was purchased without Board approval.
3. One purchase where sole source purchase was not Board approved.

Cause:

The district did not have adequate controls to ensure compliance surrounding purchasing laws.

Effect:

Failure to follow proper purchasing procedures could result in fraud or misappropriation of public monies, and resulted in noncompliance with Board policy and state law.

Recommendation:

We recommend that the district strengthen controls by assuring all proper purchasing laws are being followed and monitored as required by Board policy and state law.

Response:

The district will ensure compliance by assuring all proper purchasing procedures will be followed and monitored by state law. We will re-visit our procedures annually to ensure they comply with current state and federal laws..
